

## 1. IDENTIFICATION

**Product Identifier**

**Product Name** PREMIUM SUPER-20 POWDER

**Other means of identification**

**SDS#** 016  
**Product Code** 0630, 0634, 0650, 0656, 0670, 0680

**Recommended use of the chemical and restrictions on use**

**Recommended Use** Fabrication of dentures

**Details of the supplier of the safety data sheet**

**Supplier Address** Lang Dental Mfg. Co., Inc.  
 175 Messner Dr.  
 Wheeling, IL 60090  
 USA

**Emergency telephone number**

**Company Phone Number** +1 847-215-6622  
**Emergency Telephone (INFOTRAC)** +1 352-323-3500 (International)  
 800-535-5053 (North America)

**Authorized European Representative**

Medimark® Europe Sarl  
 11 rue Emile Zola. BP 2332  
 38033 Grenoble Cedex 2  
 France  
 Tel: +33 4 76 86 43 22  
 Fax: +33 4 76 17 19 82  
 Email: info@medimark-europe.com

## 2. HAZARDS IDENTIFICATION

**Classification** This chemical does not meet the hazardous criteria set forth by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200); however, this Safety Data Sheet (SDS) contains valuable information critical to the safe handling and proper use of this product and should be retained for employees and other users of this product.

**Signal word** Warning

**Hazard statements** H320 Causes eye irritation

**Precautionary Statements – Prevention**

P202 Do not handle until all safety precautions have been read and understood.  
 P264 Wash thoroughly after handling.  
 P280 Wear protective gloves/protective clothing/eye protection/face protection.

**Precautionary Statements – Response**

P302+P352 IF ON SKIN: Wash with plenty of soap and water.  
 P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
 P333+P313 If skin irritation or rash occurs, get medical advice/attention.  
 P337+P313 If eye irritation persists: Get medical advice/attention.

## 3. COMPOSITION / INFORMATION ON INGREDIENTS

**Classification of the substance or mixture**

Chemical Name	CAS No	Weight - %	Trade Secret
Polymer	9011-14-7	90-100	*

\*Specific chemical weight has been withheld as a trade secret.

## 4. FIRST AID MEASURES

### First aid measures

<b>Inhalation</b>	Remove victim to fresh air. Keep at rest in a position comfortable for breathing. Seek immediate medical attention if needed.
<b>Eye contact</b>	Rinse immediately with plenty of water, including under the eyelids, for at least 15 minutes. If irritation persists, call a physician immediately.
<b>Ingestion</b>	If ingested, do not induce vomiting. Drink plenty of water or milk immediately. If vomiting, continue to offer water or milk. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately and provide an estimate of when and how much material was ingested. Seek immediate medical attention.
<b>Skin Contact</b>	Wash with soap and water. If irritation, redness or swelling persists, call a physician immediately. Take off contaminated clothing and wash before reuse.

### Indication of any immediate medical attention and special treatment needed

**Note to physicians** Treat symptomatically.

## 5. FIRE-FIGHTING MEASURES

### Extinguishing Media

**Suitable:** Water spray, chemical foam, carbon dioxide (CO<sub>2</sub>), dry chemical.

**Unsuitable:** Water may not be effective in extinguishing this fire.

### Specific hazards arising from the chemical

For bulk size: Polymers are combustible dusts, care should be taken to avoid creating explosive concentrations in the air. Follow grounding and bonding procedures.

### Special Fire Fighting Procedures

Avoid extinguishing methods, which may generate dust clouds. Water stream can disperse dust into air producing a fire hazard and possible explosion hazard if exposed to ignition source. Firefighters should wear self-contained breathing apparatus.

### Protective equipment and precautions for firefighters

Polymer dust is combustible. The explosive limits of the polymer particles suspended in air approximately those of coal dust. Polymers are sensitive to static discharge, follow grounding and bonding procedures. Polymers are not sensitive to mechanical impacts.

## 6. ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures

**Personal precautions** For bulk size: Use personal protective equipment as required. Keep airborne particulates at a minimum when cleaning up spills. Deny entry to all unprotected individuals. Remove any contaminated clothing and wash thoroughly before reuse.

### Methods and material for containment and clean-up

**Method for containment** Prevent further leakage or spillage if safe to do so. Dike and contain spill with inert material (e.g. sand or earth). May contaminate water supply.

**Method for clean-up** Sweep up to avoid slipping hazard. Place into appropriate closed container(s) for disposal in accordance with local, state, and federal regulations. Wash all affected areas with plenty of warm water and soap. Not a RCRA Hazardous waste.

## 7. HANDLING AND STORAGE

### Precautions for safe handling

**Advice on safe handling** Use in well-ventilated areas. Avoid contact with skin, eyes or clothing. Avoid breathing dust. Use good personal hygiene and housekeeping. Avoid prolonged contact with the product. Use in well-ventilated location. After use, wash hands and exposed skin with soap and water. Do not eat, drink or smoke when using this product.

### Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep containers tightly closed to prevent water absorption and contamination. Store containers in a cool, dry location, away from direct sunlight, heat, sparks, flame, other light sources, or sources of intense heat. Preferable storage temperature not to exceed 35°C.

**Packaging materials** Keep in original container.  
**Incompatible materials** Strong oxidizers, strong oxidizing agents.

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

### Exposure guidelines

#### Appropriate engineering controls

Apply technical measures to comply with the occupational exposure limits. When working with large quantities of product, provide adequate ventilation (e.g. local exhaust ventilation, fans). Ensure that an eyewash station, sink or washbasin is available in case of exposure to eyes. Use good local exhaust at processing equipment, including buffers, sanders, grinders and polishers.

#### Individual protection measures, such as personal protective equipment

##### Eye / face protection

Depending on the use of this product, safety glasses or goggles may be worn. If necessary, refer to US OSHA 29 CFR SS1910.133, Canadian standards or the European Standard EN 166. Ensure that an eyewash station, sink or washbasin is available in case of exposure to eyes.

##### Skin and body protection

If anticipated that prolonged and repeated skin contact will occur during use of this product, wear gloves for routine industrial use. If necessary, refer to US OSHA 29 CFR SS1910.138 or the appropriate standards of Canada or the EC member states.

##### Respiratory protection

No special respiratory protection is required under typical circumstances of use or handling. If necessary, use only respiratory protection authorized per US OSHA requirement in 29 CFR SS 1910.134, or applicable US state regulations, or the appropriate standards of Canada, its provinces, EC member states or Australia. VENTILATION: Local exhaust at processing equipment.

##### General hygiene considerations

Handle in accordance with good industrial hygiene and safety practice. Wash thoroughly after handling. An eyewash station is recommended. Food, beverages, and tobacco products should not be carried, stored, or consumed where this material is in use. Wash hands thoroughly before eating, drinking, or smoking.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

### Information on basic physical and chemical properties

Physical state	Powder	Odor	Faint odor in bulk
Color	Pink	Odor threshold	Not determined
<u>Property</u>	<u>Values</u>	<u>Remarks / Method</u>	
pH	Not determined		
Melting point / freezing point	Not determined		
Boiling point / boiling range	Not applicable		
Flash point	303°C / 577°F		
Evaporation rate	Not applicable		
Flammability (solid, gas)	Non-flammable		
Flammability limits in air			
Upper flammability limit	Not applicable		
Lower flammability limit	Not applicable		
Vapor pressure	Not applicable		
Vapor density	Not applicable		
Specific gravity	Not determined		
Water solubility	Insoluble in water		

## 10. STABILITY AND REACTIVITY

### Reactivity

Not reactive under normal conditions

### Chemical stability

Stable under recommended storage conditions

### Possibility of hazardous reactions

Hazardous polymerization will not occur.

### Incompatible materials

Strong oxidizing agents

### Hazardous decomposition products

Methacrylate monomer and oxides of carbon when burned

## 11. TOXICOLOGICAL INFORMATION

### Information on likely routes of exposures

#### Product information

This product has not been tested on animals to obtain toxicology data.

#### Inhalation

Not expected to be an inhalation hazard under normal conditions of intended use

#### Eye contact

Avoid contact with eyes.

#### Skin contact

Avoid contact with skin.

#### Ingestion

Do not taste or swallow.

**Information on physical, chemical and toxicological effects**

**Symptoms** Skin contact may aggravate an existing dermatitis. Direct contact with eyes may cause temporary irritation.

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

**Carcinogenicity** No data available.

**12. ECOLOGICAL INFORMATION**

**Ecotoxicity** No data available

**13. DISPOSAL CONSIDERATIONS**

**Waste treatment methods**

**Disposal of wastes** Disposal should be in accordance with applicable regional, national and local laws and regulations.

**Contaminated Packaging** For bulk only: Reuse of empty drums or containers is not recommended. Employees should be advised of the potential hazards due to residual flammable material, associated with empty containers. Dispose of all empty containers properly, in accordance with federal, state, local regulations.

**14. TRANSPORTATION INFORMATION**

**DOT** Not regulated

**IATA** Not regulated

**IMDG** Not regulated

**15. REGULATORY INFORMATION**

**International Inventories**

**TSCA** For use in FDA regulated products only.

**EU Regulations** EC No. 1272/2008 (CLP) Classification, Labeling, Packaging  
Medical Devices Directive 93/42/EEC - Class I Medical Devices

**US State Regulations** California Proposition 65 – Warning. This product contains the following chemicals which are listed by the State of California as carcinogenic or a reproductive toxin: None

**16. OTHER INFORMATION**

HMIS	Health Hazards	Flammability	Physical Hazards
	1	1	0

**Effective Date** 13-Apr-2020

**Disclaimer**

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as guidance for safe handling, use, processing, storage, transportation, disposal and release. It is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
