5. FIRE-FIGHTING MEASURES

Extinguishing Media

Suitable: Dry chemical, carbon dioxide (CO₂), water spray (fog), alcohol resistant foam

Unsuitable: Do not use water jet (frothing possible)

Specific hazards arising from the chemical

Highly flammable liquid and vapor. Vapors may travel to source of ignition and flash back.

Special Fire Fighting Procedures

Wear self-contained breathing apparatus for firefighting if necessary. Do not enter area without proper protection. Fight fire from safe distance/protected location. Use water spray to cool unopened containers. Use with caution. Water runoff can cause environmental damage.

Dike and collect water used to fight fire.

Small fires: Dry chemical, carbon dioxide, water spray or alcohol-resistant foam.

Large fires: Water spray, water fog and alcohol-resistant foam.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal precautions

Before cleaning any spill or leak, individuals must wear personal protective equipment as required. Remove any contaminated clothing and wash thoroughly before reuse.

Environmental precautions

ELIMINATE all ignition sources (no smoking, flares, sparks or flames in immediate area). Prevent product from entering drains. Spillages or uncontrolled discharges into watercourses must be alerted to the appropriate regulatory body.

Methods and material for containment and clean-up

Method for containment

Prevent further leakage or spillage if safe to do so. Dike and contain spill with inert material. Absorb with earth, sand or other non-combustible material and transfer to containers for later disposal. DO NOT use combustible materials such as sawdust. May contaminate water supply.

Method for clean-up

Maximize ventilation (open doors and windows) and secure all sources of ignition. Place into appropriate closed container(s) for disposal in accordance with local, state and federal regulations. Wash all affected areas with plenty of warm water and soap.

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on safe handling

Use only in well ventilated area. Avoid breathing vapor, fumes or mist. Avoid contact with skin, eyes and clothing. Use good personal hygiene and housekeeping. After use, wash hands and exposed skin with soap and water. Do not eat, drink, or smoke while handling product. Ground and bond all containers when transferring. Observe precautions found on the label.

Conditions for safe storage, including any incompatibilities

Storage Conditions

Keep away from heat, sparks, flame and other sources of ignition. Protect from direct sunlight. Store containers in a cool, well ventilated place. Keep container closed after each use.

Packaging Materials

Keep in original container.
